

WHAT IS TOGETHER.EU?

**TOGETHER FOR
DEMOCRACY**

WHAT IS TOGETHER.EU?

WHY SHOULD YOU **#USEYOURVOTE** ?

together.eu is a European Parliament project. We want more people to take an active part in European democracy, in particular by voting in the 2024 European elections. We are a community of people who believe that the best way to maintain democracy is by ensuring people from all walks of life engage with it, above all by using their vote.

WHY SHOULD YOU CARE?

Democracy is a system that gives people the power to make decisions, by allowing citizens to vote on their leaders. Democracy ensures that those in power are accountable to the people and that their rights and opinions are respected. It promotes equality and the protection of individual freedoms, making it an important way for a society to make decisions collectively, be it at regional, national or European level. It starts when you decide to change something you care about, for instance by signing a petition, joining an event, or **using your vote**.

Democracy is not something we can simply take for granted. Democracy always needs work to keep it alive and vibrant. And this work is done by people. Not only by those we elect, but all the more so by those of us who have the right and the power to **use our vote**. When more of us vote, democracy gets stronger. Building the European Union and democracy is an ongoing project.

European democracy is important to all of us. It is a collective endeavour that requires collective support. This is why thousands of supporters and volunteers from across the EU are joining us to encourage everyone to **use their vote**.

WHO IS TOGETHER.EU FOR?

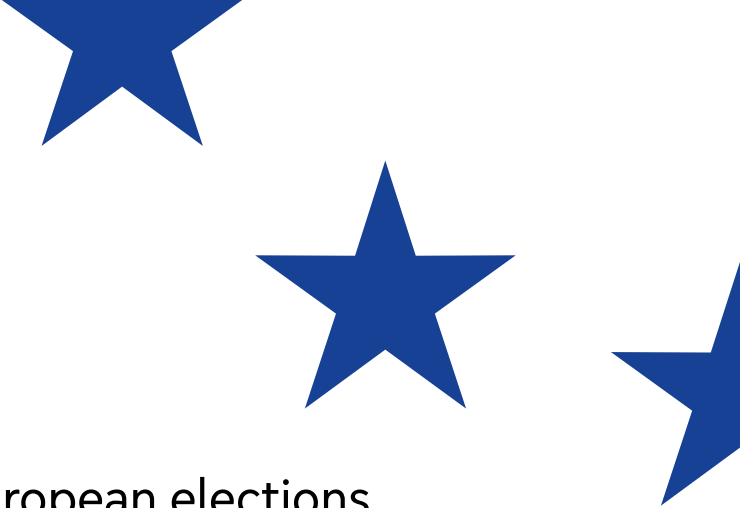

It is for anyone who wants to support European democracy by voting in the 2024 European elections and help us encourage others to vote too. Individual citizens and civil society organisations can join. We welcome citizens of all ages and backgrounds. All you need is a commitment to democracy.

WHAT DO WE DO AND WHAT CAN YOU DO?

You will help us promote the European elections while connecting with like-minded Europeans and learning about their own ideas on how to do so. We will share knowledge and help you develop your skills to speak up and engage with potential voters, decision-makers, and, most importantly, to **#UseYourVote**. You will discover people, groups, and organisations that care about the same issues. You will have a unique connection with the European Parliament. We will celebrate your successes together.

HOW DOES TOGETHER.EU WORK?

The **together.eu** website is where all our activities happen. Anyone can sign up to receive our emails with ideas on how to help promote the European elections, ranging from small actions that are relatively quick and require little effort to more ambitious endeavours such as organising events and activities. We provide you with tools and training courses to help you do so through your nearest European Parliament Liaison Office and connect you with other like-minded individuals.

The 2024 European elections
will determine how together
we will face one of the most
challenging times our generation
has ever known.

Here is to making history,
one vote at a time.

#USEYOURVOTE
